The STAR-PY web portal developed by the National Informatics Centre, Puducherry for System Based Tracking and Monitoring of proposals and schemes by Line Departments of Government of Puducherry was launched during September, 2018 and all the Departments were asked to on-board the application and upload the particulars. But, only a few Departments came on-board and proposal uploading was not done even by such Departments regularly. As a result of this, the STAR-PY gradually fell into disuse. Therefore, it is felt necessary to revive the Portal and put it to effective use with cooperation of all Departments having dealing with Government of India. Hence, all the Departments are requested to make effective use of the STAR-PY Web Portal to follow up their proposals with various Ministries of Government of India and update the required information regularly.
